

# Automotive Solutions™

By MotorVac Technologies, Inc.

***“All Solutions Are Not Created Equal”***

**AUTOMOTIVE SOLUTIONS SERVICE KITS USE PROPRIETARY FORMULAS THAT COMBINE VARIOUS ELEMENTS TO PERFORM A SAFE AND EFFECTIVE PREVENTIVE MAINTENANCE SERVICE**

## CarbonTune Service Kits

- ▶ The CarbonTune Service will improve fuel economy, reduce emissions, enhance acceleration and engine performance.
- ▶ CarbonTune solutions aggressively clean dirt, varnish, soft waxes, carbon, and other types of contaminants that build up in the fuel system.
- ▶ The CarbonTune Service Kits are recommended to be used with the MotorVac CarbonClean Systems or S-Tool.

**2-Step Kit**  
Fuel Additive  
Engine Decarbonizer  
Part No. 400-0085AS

**3-Step Kit**  
Fuel Conditioner  
Engine Decarbonizer  
Air Intake Cleaner  
Part No. 400-0084AS

**4-Step Kit**  
Fuel Conditioner  
Engine Decarbonizer  
Air Intake Cleaner  
Fuel System Cleaner  
Part No. 400-1041AS

## TransTech Service Kit

- ▶ The TransTech Service will quiet and smooth shifting, reduce oxidation and heat related breakdowns, and extend transmission life.
- ▶ TransTech solutions will loosen and remove varnish, sludge, and contaminants that build up throughout the transmission.
- ▶ The TransTech solutions are safe for use on all transmission system components.

**TransTech 2-Step Kit**  
Automatic Transmission  
Cleaner Fluid & Conditioner Fluid  
Part No. 400-1034AS

## OilClean Service Kits

- ▶ The OilClean Service will maximize engine performance, minimize exhaust emissions, and extend engine life.
- ▶ The OilClean detergent will dissolve and suspend all of the sludge and contaminants so they are removed with the drained oil.
- ▶ The OilClean Service Kits can be used with or without a fluid exchange machine and are compatible with all equipment.

**OilClean 2-Step Kit**  
Engine Oil System Treatment  
Engine Oil Cleaning Detergent  
Part No. 400-1026AS

**OilClean 3-Step Kit**  
Engine Oil System Treatment  
Engine Oil Cleaning Detergent  
Special OilClean Service Filter  
Part No. 400-1039AS

## SteerClean Service Kit

- ▶ The SteerClean service will improve the operation and performance of the steering system as well as extending component life.
- ▶ SteerClean solutions will safely flush, clean and condition the power steering system to help improve operational performance.
- ▶ The SteerClean Service Kit is compatible with most domestic and foreign vehicle power steering systems.

**SteerClean 2-Step Kit**  
Power Steering System Flush Detergent  
Power Steering System Fluid Conditioner  
Part No. 400-0149AS

Made In U.S.A.

For more information call (800) 841-8810 or visit our website at [www.motorvac.com](http://www.motorvac.com)

## CoolantClean Service Kits

- ▶ The CoolantClean service will thoroughly clean the cooling system, restore efficiency, prevent rust and corrosion, and extend radiator life.
- ▶ CoolantClean solutions safely flush, lubricate and seal the radiator and cooling system.
- ▶ The CoolantClean Service Kits can be used with or without a fluid exchange machine and are compatible with all equipment.

**2-Step Kit**  
CoolantClean Radiator Flush  
Water Pump Lubricant  
Fuel System Cleaner  
Part No. 400-1037AS

**3-Step Kit**  
CoolantClean Radiator Flush  
Water Pump Lubricant  
Fuel System Cleaner  
Radiator Conditioner Sealer  
Part No. 400-1038AS

## DieselTune Service Kit

- ▶ The DieselTune Service will improve fuel economy, restore horsepower, and lower exhaust.
- ▶ DieselTune solutions aggressively clean dirt, varnish, and sludge that build up in the critical areas of a diesel engine to improve drivability and performance.
- ▶ The DieselTune Service Kit can be used with or without a fluid exchange machine and are compatible with all equipment.

**2-Step Kit**  
Diesel Fuel System Cleaner  
Diesel Fuel  
Part No. 400-1040AS

## Intake Cleaning Pressure Sprayer

### Efficient "S-Tool" for Fuel System Services

- ▶ Performs a fast, simple and safe intake system cleaning service in just a few minutes.
- ▶ Efficient process results in a cost effective and profitable add-on service.
- ▶ Adjustable regulator operated by shop air.
- ▶ Pressure sprayer is reusable and is backed by a one year warranty.
- ▶ Can be used with all Fuel System Cleaning Solutions, including CarbonClean and CarbonTune Service Kits.

Part No. 200-0002

## Fluid Test Kits

### Why Tell a Customer They Need a Service When You Can Show Them!

- ▶ These Fluid Test Kits provide the technician with an easy way to diagnose the vehicle's fluid condition.
- ▶ A one-step process uses specially treated materials that will provide accurate visual confirmation on the condition of most vehicle fluids.
- ▶ Each test pad can analyze brake fluid, transmission fluid, power steering fluid and motor oil. Special test strips analyze coolant.
